

2025 Thrive Community Grants Application Guidelines.

Connection and participation.

We believe every child and young person should have the best opportunities to connect with friends, family and the community, participate in activities that build resilience, develop new skills and enrich their lives, and feel they belong.

Connections provide us with happiness, security, support and a sense of purpose, are critical to our identity and important for our wellbeing.

And connection is a protective factor for mental health.

However, we know that poverty, discrimination and disadvantage can make it very difficult for children and young people to participate in community life.

About the grants.

Each year, BankSA Foundation Thrive Community Grants offer up to \$50,000 to improve the social and emotional wellbeing of children and young people.

We invest in smaller, local charities that provide children and young people with opportunities to connect and participate in community life.

We prioritise funding to support children and young people facing the greatest barriers to reaching their potential.

Priority Groups.

Our focus is on supporting children and young people (0–24 years):

- From Aboriginal and Torres Strait Islander backgrounds.
- From culturally and linguistically diverse backgrounds, including children of refugee and asylum seeker families.
- With disability.
- Who identify as LGBTQIA+.
- Living in out-of-home care.
- Who are incarcerated or have had contact with the criminal justice system.
- Experiencing socioeconomic disadvantage.
- Living in regional, rural and remote communities.
- In low ICSEA schools (Index of Community Socio-Educational Advantage).

Additional information.

- Previous Thrive Community Grants from BankSA Foundation, Bank of Melbourne Foundation or St.George Foundation must be acquitted, or a progress report provided, before submitting a new application.
- Our approach is to ensure grant partners are receiving only one grant at a time across the Westpac Group Foundations. If your organisation is currently receiving a grant from Westpac Foundation that overlaps with the same grant period, you are not able to receive another grant at this time.
- We also like to ensure our grants are spread across a diverse range of organisations including organisation size and maturity, geographic location, and Priority Groups.
- Auspiced applications will be considered on a case-by-case basis.

How to apply.

You can apply by completing the online application available on our website: banksafoundation.com.au.

Applications will be assessed against the criteria by the Foundation team.

Incomplete applications and those that do not meet the grant eligibility criteria will not be assessed.
